Strunk's Source Readings in Music History (Revised Edition)

Strunk's Source Readings in Music History (Revised Edition)

The definitive collection of great writings on music from ancient Greece through the twentieth century.

Forty-five years after the appearance of the first edition, Oliver Strunk's monumental anthology of writings about music has been thoroughly revised and extended by a team of scholars working under the direction of musicologist Leo Treitler. For this new edition, seven specialists in music history have replaced some selections, added others, contributed new translations, and provided additional notes and introductions. An entire new section, covering the twentieth century, significantly enlarges the book's scope. Readers can now acquire a comprehensive picture of Western musical thought and ideas through the ages.
