## **Radical Reconstruction (Wiley Trading Advantage)** Lebbeus Woods

Lebbeus Woods is widely regarded as the most exciting and original architectural visionary today. His body of theoretical work and extraordinary drawings have served as inspiration for architects, artists, and legions of students. *Radical Reconstruction*, now available in paperback for the first time, contains projects that address the relationships between architecture and war, political revolution/reaction, and natural disasters. These projects define new approaches to the reconstruction of buildings and urban fabric damaged by unpredictable and largely uncontrollable forces of both human and natural origin.
