It is the Sixteenth Year of Queen Victoria. In the powerful empire of Dracaland, **Bran**, a young dragon rider, joins his father on a military expedition to the mysterious lands of the Orient. In the reclusive Yamato, **Sato**, a tomboy samurai girl, strives to prove her right to inherit her father's school of western magic. **Nagomi**, a timid shrine apprentice, is haunted by the visions of dark future she must keep secret even from her best friend.

They don't know it yet, but their paths will cross... And when they do, nothing will ever be the same again.

Welcome to The Shadow of Black Wings, a steam-powered romp across the land of dragons, wizards and samurai. It's big, it's fast, it's been compared to Tolkien in terms of world-building, it has strong female characters and lots of carefully researched detail. You will meet the Royal Marines sailing mighty ironclads and Chinese walking machines; mysterious warlords and crazy inventors; you will discover dark prophecies, family secrets and blood-thirsty demons. And all that in just the first volume!
