**America's National Parks: The Spectacular Forces that Shaped Our Treasured Lands** Paul Schullery  
From stunning mountain ranges to arid expanses of desert, America has been blessed with an incredibly diverse land -- and the vision to protect it for our future generations to enjoy. These lands are ours to view, wander, learn from, and revel in. America's National Parks captures all that is great about all fifty-six parks in the national park system. It also gives interesting, easy-to-understand background on the geological and ecological forces that continue to make each national park so worthy of protection. Nature lovers will be captivated by gorgeous photos of landforms, flora, and fauna. Families will appreciate the information that is sure to enhance vacations at the parks. And visitors to any of the country's national parks will forever treasure this book as a memento of past visits and an inspiration for future ones. Unlike any other book published on national parks, America's National Parks is a must-have for anyone who relishes America's natural wonders and wants to learn more about the powerful forces that created them.
