## **Outline of Christian Doctrine: An Evangelical Dogmatics** Wilfried Harle

In this book -- the most widely used introduction to Christian doctrine in Germany -- Wilfried Harle so distills Protestant Christian teaching as to bring fresh insight both to new students and to experienced readers of systematic theology. *Outline of Christian Doctrine*, however, is not merely a translation of Harle's classic German text: Nicholas Sagovsky has entirely adapted the original work to the needs and resources of English-speaking readers.

Biblically rooted, contextually sensitive, alert to philosophical issues, and relevant with respect to debates about the world as we know it today, Harle's *Outline of Christian Doctrine: An Evangelical Dogmatics* is an ideal contemporary theology book for both class use and individual study.
