The Last of the Firefighters Ed Daniels

The future is bringing technology that will transform the art of firefighting as we know it. In Ed Daniels's novel, *The Last of the Firefighters*, readers get to be a fly on the wall as this looming transformation shakes one man to his core. Johnny is desperately trying to discover if he can roll with the changes, or if the changes will roll over him. Johnny and his pal, Sven, have lots in common—the same adventurous spirit, the same career aspirations, and love for the same woman—Nina. The men went to fire academy together, but now new firefighting robots called Firebots have joined their ranks. These Firebots combine superhuman strength with intelligence and unmatched firefighting skills. Now the men not only have to understand fire behavior, they have to figure out how to work with a Firebot named Tooie. Is he their friend, their slave, or is he just out to take away their jobs? This book is packed with firefighting adventures - along with romance and heartbreak - from the beginning right through to the dramatic end.

From reader reviews:

Deloris Wagner:

Nowadays reading books are more than want or need but also become a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge even the information inside the book that will improve your knowledge and information. The information you get based on what kind of reserve you read, if you want attract knowledge just go with schooling books but if you want feel happy read one with theme for entertaining for instance comic or novel. The particular The Last of the Firefighters is kind of reserve which is giving the reader unpredictable experience.

Ronda Tollison:

Precisely why? Because this The Last of the Firefighters is an unordinary book that the inside of the reserve waiting for you to snap the item but latter it will surprise you with the secret this inside. Reading this book close to it was fantastic author who all write the book in such remarkable way makes the content interior easier to understand, entertaining means but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this any more or you going to regret it. This phenomenal book will give you a lot of advantages than the other book get such as help improving your expertise and your critical thinking technique. So , still want to delay having that book? If I have been you I will go to the guide store hurriedly.

Manuel Rose:

Are you kind of stressful person, only have 10 or 15 minute in your day time to upgrading your mind skill or thinking skill possibly analytical thinking? Then you are receiving problem with the book as compared to can satisfy your small amount of time to read it because all of this time you only find book that need more time to be examine. The Last of the Firefighters can be your answer given it can be read by you who have those short spare time problems.

Diana Erickson:

What is your hobby? Have you heard which question when you got students? We believe that that issue was given by teacher with their students. Many kinds of hobby, Every person has different hobby. And you know that little person including reading or as reading become their hobby. You must know that reading is very important in addition to book as to be the issue. Book is important thing to increase you knowledge, except your current teacher or lecturer. You see good news or update concerning something by book. Numerous books that can you choose to adopt be your object. One of them are these claims The Last of the Firefighters.
