## **Libro del frio (Libros del Tiempo) (Spanish Edition)** Antonio Gamoneda

Antonio Gamoneda se aproxima a los ultimos bordes de la experiencia, alli donde la comprension no alcanza, y la hace transitable, la puebla con alas de gavilan, robles musicales, frutos negros. El lector que entra en este paisaje no necesita descifrar cada simbolo como si fuera un numero. Los enigmas de la poesia de Gamoneda son, por el contrario, los que ponen nombre a la realidad interiorizada del lector, cubriendola de verdad y de conocimiento. Libro del frio se presenta como un viaje: comienza con la descripcion de un territorio (Georgicas), senala luego la necesidad de partir (El vigilante de la nieve), se detiene en el medio (Aun), busca amparo en la piedad del amor (Pavana impura) y alcanza el descanso (Sabado), la vispera de una desaparicion que puede ser muerte blanca o principio de la serenidad. Frio de limites, los veinte poemas que se incorporan a Libro del frio, representa una ampliacion del espacio que, en el libro, se abre a la contemplacion de la inexistencia. Es la reunion de los ultimos simbolos ante la luz de la desaparicion.
