**An expert reveals a step-by-step process for profiting from neoclassical qualified trend trading**

*Trend Trading Set-Ups* extends the neoclassical concept of qualified trend first introduced by Little in *Trend Qualification and Trading*, providing traders and investors with a sound methodology for uncovering the very best trade set-ups and the ability to time trade entries like never before. In *Trend Trading Set-Ups*, Little reveals the data behind qualified trends and utilizes a novel concept involving time to calculate trend failure probability rates.

Little reduces the complex to its most simplistic form compressing all trades types into just two classes – retraces and breakouts. Once simplified, over a decade worth of qualified trend data is examined. The result is a comprehensive presentation of what makes some trades enormously better than others and how you can both find and exploit the most favorable trade set-ups.

Some trading books are an interesting read but soon forgotten. A few books you place on the reachable shelf and refer to often. In *Trend Trading Set-Ups* L.A. Little offers you an entirely new way of approaching an old subject and does so in a style that is both as riveting as it is valuable. As with *Trend Qualification and Trading* you will find this book an easy but comprehensive read and one that you will turn to again and again while pursuing your trading and investing endeavors.
