J.R.R. Tolkien

The Silmarillion - First Edition, First State - Export Edition J.R.R. Tolkien

First Edition, First State - Export. Fine book in Near Fine dust jacket. London: George Allen & Unwin, 1977. First Edition, the Export edition with unpriced dust jacket and "William Clowes & Sons, Limited" attribution on the copyright page (see scans), as well as all 22 errata, including those on page 330, line four [period lacking after Feanor] and page 352, line 39 ["and" is italicized between italicized "Lord of Waters", "King of Sea". Octavo, 365 pp. + map. Dark blue cloth with gilt spine device and lettering, gray topstain, 365 pp. A Fine book, with modest page edges toning and a faint touch of edge dust, in a much better than Very Good jacket, a bit short of Near Fine, showing rubbing when viewed at an angle, and small-scale spine-top crinkle. See scans. Christopher Tolkien's own editing masterpiece, the product of the kind of labors his father put into that almost unimaginable creation, The Lord of the Rings, and all that went with it. The world that father J.R.R. created from his own mind was so detailed - the trilogy epic, in fact, took place in just one part of that world, and at one time - that the copious notes he left about Middle Earth took Christopher years to assemble in his now classic editing of his father's genius, The Silmarillion. If the trilogy was the quintessential fantasy conflict between good and evil, the Silmarillion, for its own part, provokes a truer sense of "epic", stunning, as it does, with a tide of seemingly endless time, place, and detail.
