**The Snake Charmer: A Life and Death in Pursuit of Knowledge** Jamie James

**In the fall of 2001, deep in the jungle of Burma, a team of scientists searches for rare snakes.** They are led by Dr. Joe Slowinski, at 38 already one of the most brilliant biologists of our time. It is the most ambitious scientific expedition ever mounted into this remote region, brought to a dramatic halt by the bite of the many-banded krait, the deadliest serpent in Asia. Thus begins one of the most remarkable wilderness rescue attempts of modern times. In *The Snake Charmer*, renowned journalist and author Jamie James captures the life and death of the fascinating and charismatic Joe Slowinski--a man whose career was fast and exciting, and whose tragic final expedition became a pulse-pounding struggle between man and nature.
