## **Memory Leak** Trevor Schmidt

Every night, Jonathan Hart dreams of a cracked wasteland in the setting sun. By morning the image retreats to his subconscious mind. Again, he finds himself in a city of symmetrical people, where he is anonymous in his perfection. A voice in his head tells him there is more to life than following the will of his supreme leader, Liam Mail, and that there is more to his own life than he can remember. That there are things he can't remember about the city of symmetricals that could tear down the fabric of his world. Now, Jonathan must fight against the forces that suppress his memories before his mind is damaged beyond repair. Can Jonathan expose the twisted truth about the symmetrical elite, and in doing so restore society to its flawed asymmetrical origins? Or will his efforts explode and create a MEMORY LEAK?
