Out of War: True Stories from the Frontlines of the Children's Movement for Peace in Colombia Sara Cameron

Through nine intimate first-person narratives, *Out of War* tells the story of the Children's Movement for Peace, a network of organizations struggling against the forty-year civil war in Colombia. Readers will meet young people like Juan Elias, who decided he could best avenge his father's murder by fighting to end the war; Maritza, who found refuge in the peace movement after her family and friends abandoned her in the comunas of Medellin; and Beto, who works for the peace he never had in his abusive home. The voices of these children are raw and real, and their stories are nothing short of inspirational. In 1996, the Children's Movement for Peace helped organize the Children's Mandate, a referendum on children's rights in Colombia. Two million children turned out to vote for their right to peace, sending the Colombian government a powerful message about its inability to control the violence within its borders. Since then, the Movement has worked to help children cope with loss, displacement, poverty, and other effects of the war. It has also taught children how to resolve conflict without fighting. The movement's work is impressive, yet *Out of War* is really about the individual children who lead the group. Through them, readers will learn not only about the tenuous life of children in Colombia, but about what it means to give back to your community and face adversity with true courage and hope.
