The Will of Machines (MAGi Book 1) C. Lonnquist

The Warlands of Ord on the planet Alterra have been locked in unending battle since the beginning of history. A stalemate has quieted the conflict, but as gigantic suits of living, thinking armor fall from the sky, the nations of Landcaster, Jarn, and Roku pick up arms to end the conflict once and for all. Three Pilots command the armor—called MAGi—in a desperate bid to save their nations, but a single question remains:

Where did the MAGi come from?

Kaie, the young druid from Jarn, trapped in a struggle between the traditions of her people and the role she has been given as Pilot.

Oliver, the ruthless witchhunter for the Church of the One Light, forced to face the bloody life he has lead and understand the very nature of his broken humanity.

Renjiro, the dishonored warrior, desperately searching for redemption from his clan, and the respect of the father who abandoned him.

Three Pilots. Three MAGi. The choices they now make will save their world... or destroy it.
