The House of Dimon: How JPMorgan's Jamie Dimon Rose to the Top of the Financial World Patricia Crisafulli

A behind-the-scenes look at Wall Street's top banker

Following the eleventh-hour rescue of Bear Stearns by JP Morgan, Jamie Dimon's profile reached stratospheric levels. And while the deals and decisions he's made have usually turned out to be the right ones, his journey to the top of the financial world has been anything but easy.

Now, in *The House of Dimon*, former business journalist Patricia Crisafulli goes behind the scenes to recount the amazing events that have shaped Dimon's career, from his rise to prominence as Sandy Weill's protégé at Citigroup to the drama surrounding his purchase of Bear Stearns and Washington Mutual. Each step of the way, this engaging book provides insider accounts of how Dimon successfully acquired and integrated companies, created efficiencies, and grew bottom-line results as the consummate hands-on manager.

- Includes interviews with Dimon himself, Sandy Weill, and colleagues who've known Dimon over the course of his career
- Shows how Dimon's management style and talent for taking calculated risks have allowed him to excel where many others have failed
- Places Dimon in the context of contemporary Wall Street, an environment that has destroyed several top CEOs

During one of the most difficult and tumultuous periods in Wall Street history, Jamie Dimon has survived and thrived. *The House of Dimon* reveals how he's done it and explores what lies ahead for Dimon, as he attempts to grow JPMorgan in the face of the unrelenting pressures of Wall Street.
