Domestic Violence: What Every Pastor Needs to Know Al Miles

According to the American Medical Association, one quarter of American women will be abused by an intimate partner at some point in their lives. Loving support can make a tremendous difference to survivors as they struggle with the difficult process of healing and regaining trust in themselves and others. Often, however, pastoral caregivers possess the same misconceptions about domestic violence as does the uninformed public.

Al Miles addresses the issues related to inadequate pastoral response to this pervasive problem. He explores the dynamics of abusive relationships and the role that clergy members can take to heal this painful situation. The new edition of *Domestic Violence* builds upon the insights, policies, and programs of the original volume and includes new information on the pathology of domestic violence and the effect the economic downturn is having on victim-survivors and batterers. Miles also focuses on helping clergy and other pastoral ministers develop a more compassionate response to victim-survivors who are gay, lesbian, bisexual, and transgender.
