Children usually do not live in areas where they are exposed to the great predators of the wild. Their sense of wonder is boosted when they learn about bears, sharks, spiders, and tigers who serve as earth's great and small predators. Kids also learn that predators are not evil in any way and that the belief these creatures are "monsters" is wrong. Upon seeing the truth about these animals and the size and scope of the natural world, a sense of wonder and imagination grows.
