## **African American Religious Experiences: A Case Study of Twentieth Century Trends and Practices**

Gloria Robinson Boyd

African Americans have overcome many obstacles over the years facing slavery, reconstruction, Jim Crow, and other forms of racism. Over the years, they relied on the church which remains the central institution in the black community. This book discusses African American religious experiences and the need to study this contribution. African American religion is a significant part of American history that, unfortunately, has gone unreported in Arkansas meaning some may never know the significance of twentieth century African American religiosity in small rural communities.
