Anyone who wants to explore the end times should start with the Bible itself. Possibly the greatest challenge to this approach is that no one Bible book paints the complete end times picture. Any student must assemble and arrange verses from different books, just like a puzzle. This book attempts to do just that. It compiles verses from Daniel, Zechariah, Matthew, Revelation and others into one chronological list. It uses little commentary beyond assigning brief identities to major symbols and, of course, the arrangement of the list. A student who reads this book will become familiar with the Bible itself and will get a picture from the text of the great end times events.
