“Hope and Change...Social Justice...Lord -&-Savior.” Where have we heard that before? All of it was either said by or about, Adolph Hitler...arguably the most diabolical person in history. You are about to view America’s current ‘social’ trends through a portal in time. A look back, through various periods in our Nation’s history, the history of civilization and the rise of the Third Reich. The author also takes you on a personal journey. A reflection of how a person and society develops their Moral and Ethical values...a look into the content of their character. Through one personal event after another; spread out over six decades, Mr. Mays holds himself up for examination and an opportunity for you to recall those moments from your past that have all collided with the ‘times’ to form that being called ‘You’.
